

**Camera di Commercio
Firenze**

dal 1770 la casa delle imprese

Dal 1 marzo 2023 sarà obbligatoria la registrazione della pratica in Cert'ò pur dovendo utilizzare in dogana il Carnet fisico (gestione mista)

**Primi passi verso il Carnet digitale
01/02/2023**

Timeline Piano di Transizione Globale all'eATA

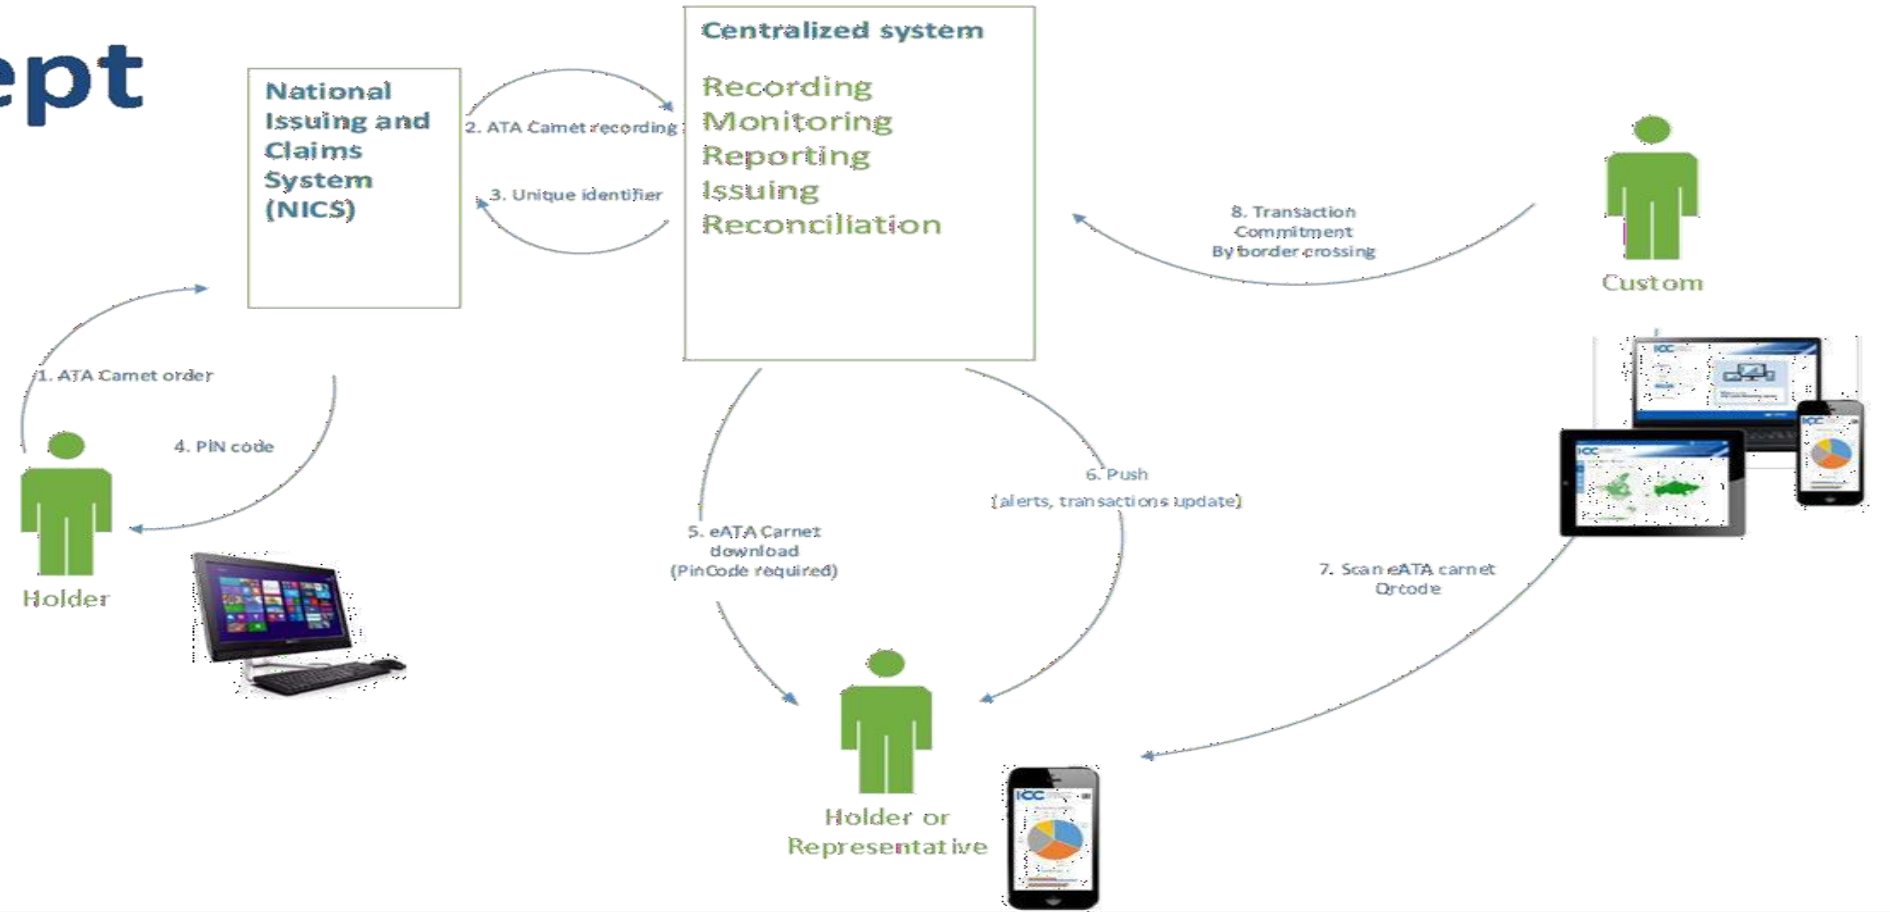

- Il sistema e i servizi degli enti nazionali devono essere pronti per l'eATA nel primo trimestre del 2023;
 - Emissione Carnet digitali parallelamente ai cartacei in tutti i Paesi
- Il sistema di produzione e i servizi eATA di ICC sono pronti per il lancio nel secondo trimestre del 2023 (lancio previsto in occasione del Congresso di ICC 21-23 giugno 2023);
 - L'archivio internazionale diventa ufficialmente operativo
- Gruppo iniziale di Dogane pronte per il passaggio alle procedure digitali all'inizio del 2024;
 - In diversi Paesi si potrà usare in dogana il Carnet digitale e quello fisico (le Dogane italiane potrebbero essere coinvolte)
- Altre dogane operative nel sistema tra il 2024 e il 2026;
 - Maggiore utilizzo del Carnet digitale
- Il sistema sarà completamente digitale dal 2027.
 - Transazioni doganali unicamente digitali (minore contenzioso sui Carnet)

Nel piano di transizione sono previsti una serie di «casi d'uso» per la gestione mista durante il periodo in cui non tutte le Dogane saranno operative: periodo 2024/2027

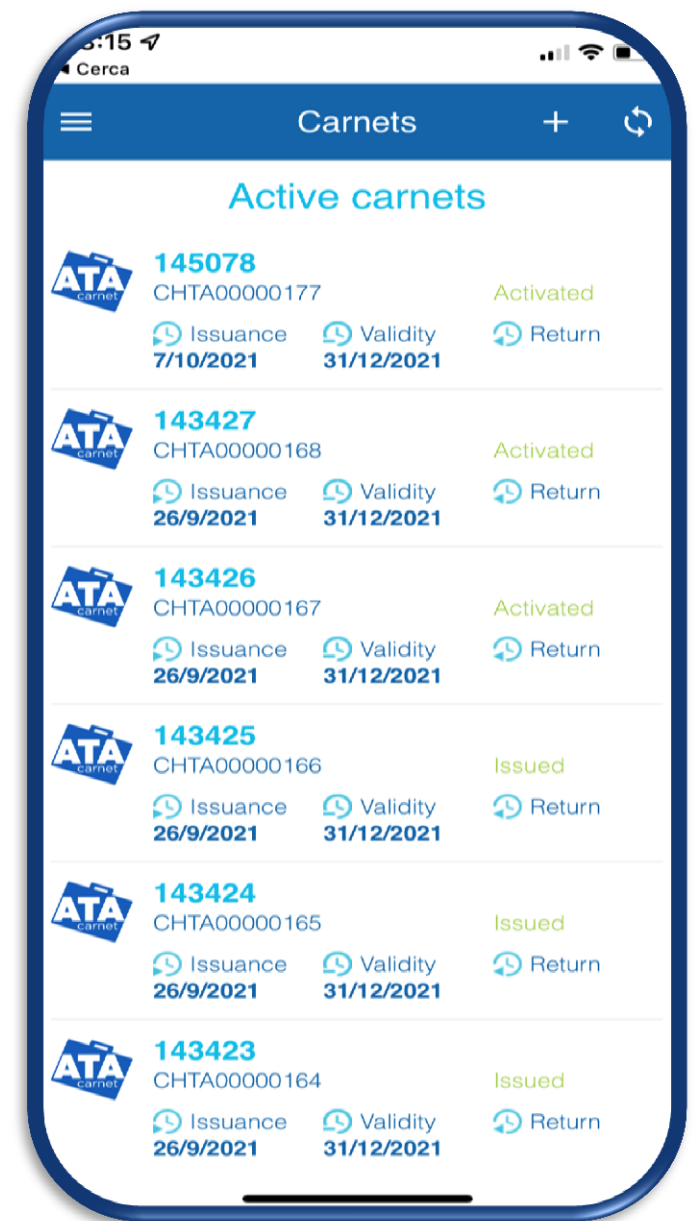

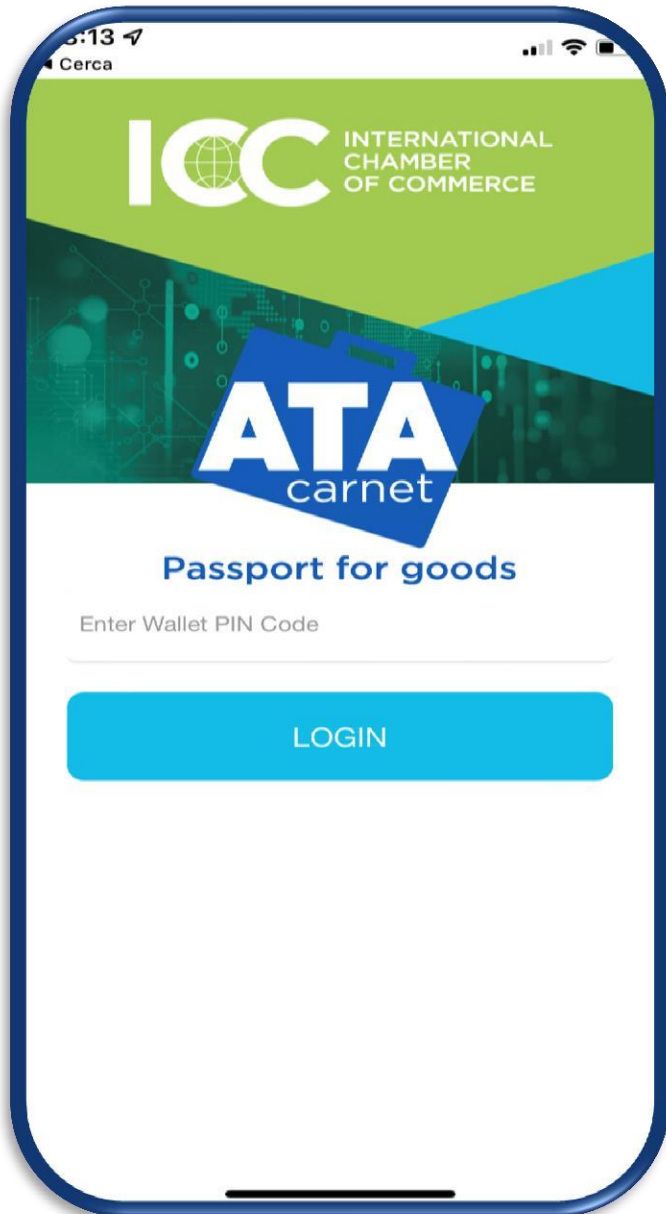

Cosa è richiesto in questa prima fase (entro il 1 marzo 2023)

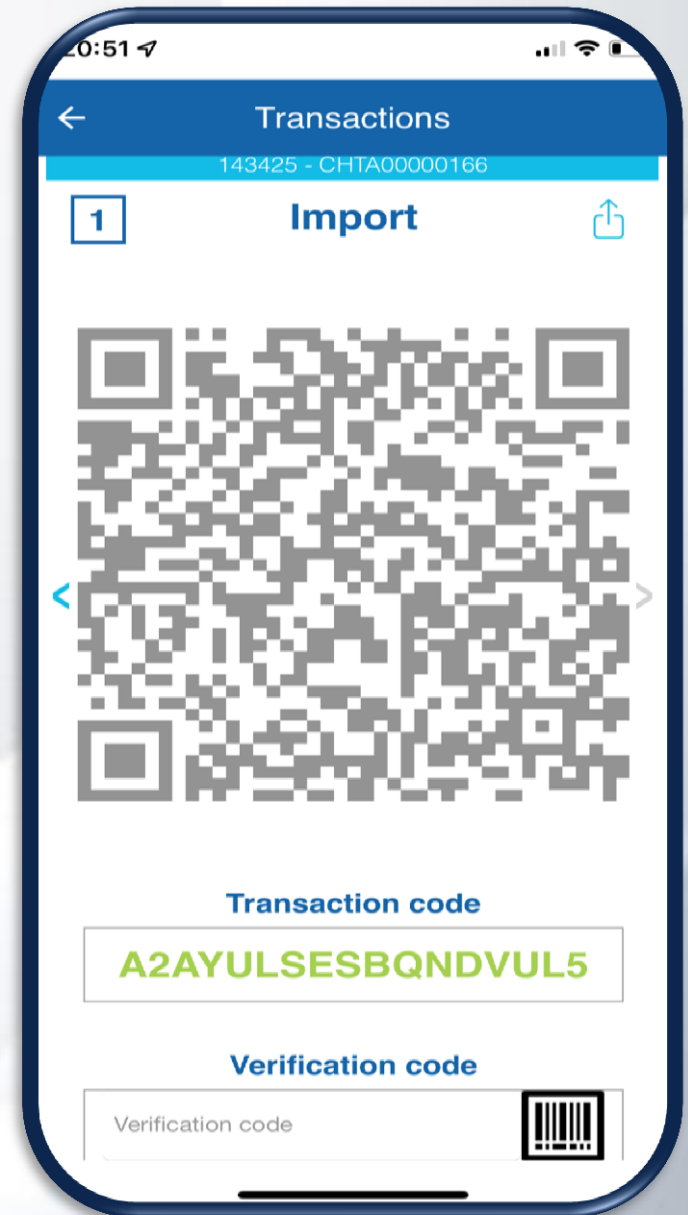

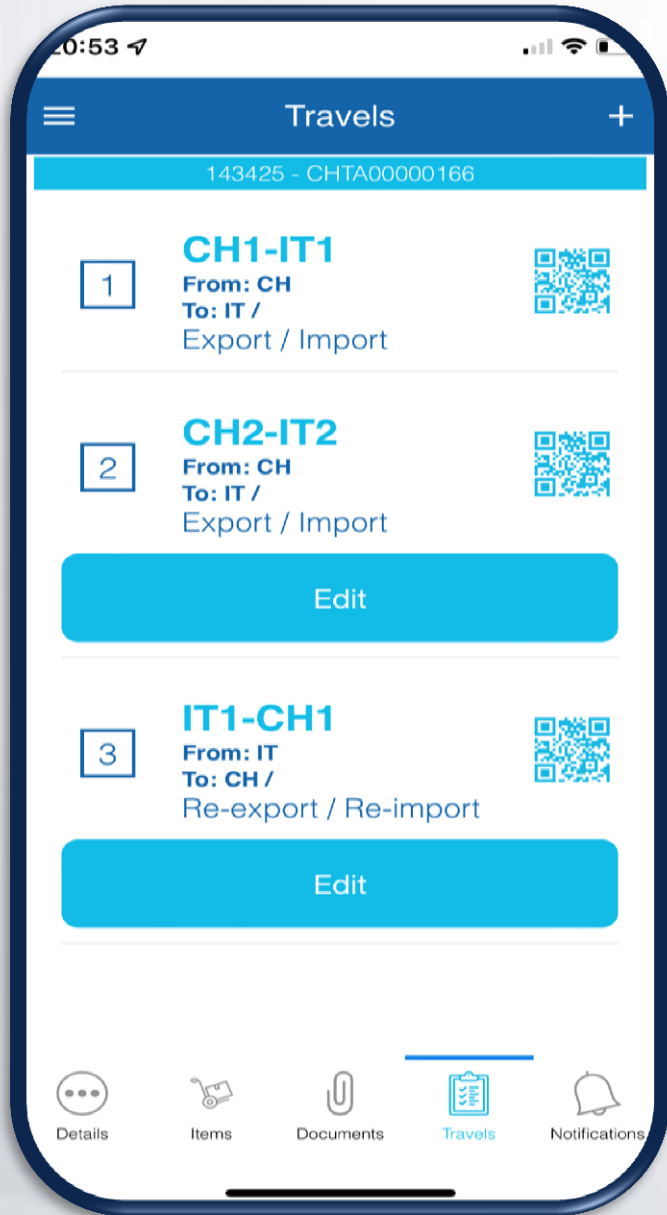

- che tutti i Carnet ATA siano emessi attraverso l'applicativo Cert'O;
- attivare l'accesso alla **domanda telematica del Carnet** che consentirà di acquisire a sistema i dati direttamente dall'impresa titolare, ivi inclusa la lista generale delle merci che dovrà rispettare uno specifico formato;
- il trasferimento dei dati all'organismo internazionale avverrà in tempo reale (entro la giornata successiva l'emissione) e direttamente da sistema in modo trasparente per le Camere.
